

SENATOR HARDING EULOGIZES TWO GREAT AMERICANS

**Pays Tribute to Roosevelt and McKinley—
Spiritual Glory of America Developed
Under Their Leadership—His Ambition
is to Carry Forward Their Great Work**

CLEVELAND, O., Oct. 27.—Paying tribute to Theodore Roosevelt and William McKinley as authors of a new era of national development, Senator Harding told a crowd of several thousand in Grays Armory tonight that his ambition was to perpetuate the spirit of united and forehanded nationalism which he said they had awakened.

The armory speech was one of several delivered by Senator Harding during the first day of his final campaign swing thru Ohio and was a part of a vigorous program during his stay in Cleveland. On the way here from Marion he had made short talks to crowds that gathered around his car at Shelby and Cresline and after being escorted thru the streets in an old-fashioned torchlight parade here he was called to make in all four speeches. All except the armory address however, were very brief and were in advocacy of returning to the constitution.

In his address at the armory, Senator Harding outlined at length his conception of the mission which awaits the nation, both in its domestic and foreign affairs.

"The Great American," he said, "of the birth of that man, who by his greatness of heart, wisdom and outstanding integrity and courage, will always be known as the great American—Theodore Roosevelt. It is my privilege to add my tribute to his undying memory, and it shall be my attempt upon this occasion, under the inspiration of the eternal love which all Americans must have for him to state what his example and his deathless contribution to this America of ours always means to me.

The full development of America and of American ideals, came into new and glorious growth with the new century as if time itself had marked a milestone in progress by the prosperity of America.

"My countrymen, I do not mean when I speak of the prosperity of America merely its material progress. I mean the spiritual glory of America. I mean the development, the growth and the flowering of our nation's soul. It was the wisdom and the leadership of William McKinley which founded a new era of American advancement. It was under his leadership that wise American policies lifted us into new good fortune and permanent gain as a thriving career producing nation acquiring new commercial strength founding a new industrial life weaving a net work of transportation creating opportunity for mankind.

McKinley Planted Flag Abroad
"It was McKinley who planted the flag abroad and gave America's first bestowal of our standards of freedom, with new glory to the republic.

"It was Roosevelt, who brought in this glorious America a new conscience and a stalwart doctrine that all rights must be founded upon obligations and the realization of man's duty to man and a solicitude of the weak which never forgot justice to the strong, a fundamental sense of fair play, an appreciation of mercy and tenderness, and an enduring faith in the rightness of men and women.

"Men and women love him and men and women will forever love him, not merely because he had loved them and had eternal faith in their capacity to reach new heights in spiritual achievement, but because he awoke in them his own faith—because he taught them to have with their own consciences and their own righteousness. So this new America of ours should have an unparalleled sense of integrity, a desire for service, and an unparalleled capacity to show the world that mercy and justice can go hand in hand.

"To America, Roosevelt, ever ready to dedicate himself in the fullness of his body his mind and his spirit gave a new conscience. I would be insensitive to the call of a noble purpose which any man or woman no matter how humble may hear if he will listen. I would be lacking in imagination for high attainment if I do not say with all the sincerity there is in me that I see before us another great work to do.

"Calls for New Contribution.
"Now the world in anguish calls to America for a new contribution. It calls for that understanding among peoples and nations which shall draw all together in harmony and unity which shall allow contentions and conflicts which shall remove ignorance and prejudice. I want my chance to lead in making America a land where men and women place the welfare of America above their own selfish interests; where no class contentions can poison because men's minds understand other men's hearts and

RANGERS HELD IN READINESS TO STOP "ILLEGAL" STRIKE

**Said 2,000 Men Will
Respond to Strike
Call**

**AUTHORITIES CLAIM
STRIKE ILLEGAL**

DENVER, Colo., Oct. 27.—Two hundred odd Colorado rangers are under arms tonight at Golden, awaiting orders from the governor to move into the northern Colorado coal fields, where what state officials term an "illegal strike" of miners has been called, effective at midnight tonight.

Governor Shoup, in a statement today, served notice on miners and operators that no disorders growing out of the strike will be tolerated.

According to union officials 2,000 men in Jefferson, Weld and Boulder counties will respond to the strike call, issued as a result of a vote taken Monday night. The men demand a working agreement and adjustment of wages.

State officials declared the strike illegal on the grounds that the state had assumed authority in the strike controversy under the state laws and set a hearing for November 4. The men contend that the strike order is legal because notice had been served on the state commission on September 11, more than thirty days prior to the strike order.

**MANY ACRES OF LAND
HAS BEEN CLASSIFIED**

Washington, Oct. 27.—More than 11,000,000 acres of land nearly all in Arizona were reported today by Secretary Payne to have been classified during September under the law which provides for stock raising homesteads of 640 acres or less. Relatively little of the land is public land free from claims, Secretary Payne said.

"Men and women love him and men and women will forever love him, not merely because he had loved them and had eternal faith in their capacity to reach new heights in spiritual achievement, but because he awoke in them his own faith—because he taught them to have with their own consciences and their own righteousness. So this new America of ours should have an unparalleled sense of integrity, a desire for service, and an unparalleled capacity to show the world that mercy and justice can go hand in hand.

**MARKET OFFICIALS
WATCHING STRIKE**
Kansas City, Oct. 27.—Grain operators, market officials and state boards of agriculture thru-out the southwest were watching closely today for the effects of a reported "strike" of wheat raisers, who it was said were refusing to ship their product to terminal markets until a basic price of \$3 a bushel for their wheat was realized.

aspirations; where the strong serve all of us to the end that all of us may serve the weak. I want in years to come to dedicate myself to bringing all American men and women into a brotherhood of understanding so that we act together free from destroying contentions; so that we may be a great fabric in which each individual is a material thread. I want to bring about the greatest service that America can give to the world—the service of an example of a great representative democracy undivided. I want to preserve and foster our United America.

"That is my ambition. That is my opportunity for service to America as I conceive it. I want my faith that America reaching for new understanding and new strength and unity of purpose of aspiration of all her people shall not fail."

ALLEGED SLAYER OF DENTON IS IN COUNTY JAIL

**His Trial Has Been Set
For November
29**

**REFUSED TO TESTIFY
BEFORE JURY**

LOS ANGELES, Cal., Oct. 27.—Mrs. Louise Peete of Denver, charged with the murder of Jacob Charles Denton, wealthy mining promoter, in an indictment returned today by the Los Angeles county grand jury tonight, was in the county jail, awaiting trial in the superior court, set for November 29.

Proceedings against the former occupant of the Denton residence in the cellar of which the mining man's body was found buried September 23, moved today with speed. Her indictment followed her refusal to testify before the grand jury. Immediately afterwards she was taken before Judge F. R. Willis and pleaded not guilty to the indictment. The trial was set for November 29.

The evidence which the indictment was based was said to include these alleged facts:

Mrs. Peete caused to be hauled into the Denton cellar the earth under which the body was buried.

She caused the pawning of a diamond ring which had belonged to Denton. She disposed of his automobile.

She gave away part of his clothing.

She cashed checks bearing the signature of J. C. Denton, after it is believed he had been murdered.

EMERGENCY COAL ORDERS SUSPENDED

**Priority Orders to Northwest are
Annulled—Central Territory in
Need of Coal.**

WASHINGTON, Oct. 27.—Emergency orders for preference in car supply and priority in the movement of bituminous coal to Lake Erie ports for transshipment to the northwest were suspended indefinitely today by the interstate commerce commission.

Demand for coal at the lake ports for transshipment is now less than at any time since the orders were entered on July 20, the mission stated and the supply is now believed adequate to take care of the northwest without the priority order.

In the central territory however, there was a shortage of coal for domestic use for which transportation must be supplied before cold weather sets in. The suspension of the northwest order the statement added "should enable the mines and railroads to take care of the central territory promptly and fully."

DENIAL IS MADE OF REDMOND STATEMENT

**Was Not Able to Give Club Officials Anything in the Way of
Tangible Evidence.**

Chicago, Oct. 27.—The Chicago American League club, in a statement issued tonight denied that Harry Redmond or any one else had given the club positive evidence prior to the grand jury baseball investigation that Chicago players had "thrown games to Cincinnati in the 1919 world's series."

Redmond, who was brought here by President B. B. Johnson of the American League to testify, announced last night that he had told the jury he had given President Charles A. Comiskey of the club positive evidence last winter that the series was "fixed."

The statement issued tonight said that after the series, Redmond's charges were investigated by the club but that he "could not name or furnish anything which would be called evidence and his story then seemed to be merely the hard luck yarn of a loser."

CLAIMS LEWIS WILL CARRY COOK COUNTY

CHICAGO, Oct. 27.—Democratic state headquarters tonight issued a statement saying that James Hamilton Lewis, Democratic candidate for Governor, would carry Chicago and Cook county by a "handsome lead" over Len Small, Republican nominee supported by Mayor William Hale Thompson.

"The Small managers themselves expect the campaign outside the state to go against their candidate," continued the statement, "so it is evident that James Hamilton Lewis will have no difficulty in being elected."

AMERICAN SCHOONER ARRIVES AT HALIFAX

Halifax, N. S., Oct. 27.—The Gloucester schooner Esperanto, flying the American flag, arrived tonight to meet the Canadian schooner Delawana in the International Fishermen's regatta which begins next Saturday off the entrance to this harbor. Delawana, pride of the Lunenburg fishing fleet, took the water today at her home port after having been scraped and painted. Her schedule calls for a brief trout tomorrow over the racing course off Halifax.

PRESENT ARGUMENT FOR RECOGNITION OF IRISH REPUBLIC

**F. P. Walsh Heads
Delegation to Wash-
ington**

**DEMAND RECOGNITION
AS RIGHT**

WASHINGTON, Oct. 27.—Arguments favoring recognition of the new republic of Ireland, were formally presented to Secretary Colby at the state department tonight by a delegation of Irish sympathizers, headed by Frank P. Walsh, former joint chairman with William Howard Taft of the war labor board.

Secretary Colby listened without comment but cautioned the chairman, when reference was made to Eamon de Valera as "president" of Ireland, that as secretary of state he could hear them only on the understanding that they were there as American citizens and not as representatives of officials of the Irish people.

"Demand Recognition as Right," said Mr. Walsh, "but as a right, the Irish Republic is now established as de jure and de facto government. Its stability and representative character are attested by the endorsement of the ballots of ninety per cent of the Irish people. The courts of the Irish Republic are functioning daily and their decisions are respected by the entire population."

Mr. Walsh also recited a long list of alleged atrocities in Ireland and added:

"We must deal with kingdoms and autocracies, but it has been the proud tradition of the United States to be the first to encourage people struggling for freedom modeled on our own. Shall we deny to the Irish what we have accorded to all other republics?"

Mr. Colby told the committee that he would study the stenographic report that was taken.

CHIEF OF POLICE TO APPEAR BEFORE GRAND JURY

**"Mike de Pike" Questioned
For Twenty Four
Hours**

**CHIEF INSTRUCTED TO
BRING DOCUMENTS**

CHICAGO, Oct. 27.—Chief of Police John J. Garrity tonight was served with a subpoena to appear before the federal grand jury tomorrow in connection with the investigation of illegal whiskey traffic. The subpoena was issued after "Mike de Pike" Heller, former saloon keeper and convict, had been questioned for nearly twenty four hours by federal officials who credited him with making a confession which implicated government officers and officials of several middle western towns in illegal liquor traffic. Heller was released from custody tonight after his attorney had promised that he would appear when wanted.

Chief Garrity was instructed to bring with him all documents and evidence he might have concerning the liquor traffic, especially the theft from railroad yards of \$175,000 worth of liquor said to have been transported here illegally from Kentucky.

CONVICT MAINTAINED SILENCE FOR YEARS

BOSTON, Oct. 27.—Patrick J. "Corkey" Henley ended a 25 year sentence at the state prison today against his will and maintained the last a silence begun ten years ago.

He had asked in writing that he be allowed to stay on for a few days more to finish some work, but his sentence having expired Warden Shattuck put him out.

He took a vow of silence ten years ago after a fellow convict had re-told something he said, and also parole was offered him several times if he would voice a request for it, he refused. Henley was committed to the prison as an habitual criminal from Lawrence in 1895 after he was found guilty of stealing \$84 worth of shoes.

MAJOR DALRYMPLE HAS NOT RESIGNED

CHICAGO, Oct. 27.—After it had been announced at the federal building today that Major A. V. Dalrymple federal prohibition director for the states of Illinois, Michigan, Indiana, and Wisconsin had resigned telegrams were received from Major Dalrymple in Washington questioning he had "not resigned and did not intend to quit."

The telegrams from Major Dalrymple said he was in Washington to assist in the revision of regulations governing the transportation and delivery of alcoholic liquor.

MISS HATCHER TO WED J. W. LYND

The marriage of Miss Hatcher, daughter of Mr. and Mrs. R. E. Hatcher of Springfield, to John W. Lynd, will be one of the important social events of Springfield and is scheduled for Nov. 17. Both families are known to many people in Jacksonville.

Additional interest attaches to the wedding because it is understood that Mr. and Mrs. Lynd are to become residents of this city. Mr. Lynd's father is associated with Mr. Lewis in the ownership of an elevator and flour business here, and Mr. Lynd is to become the manager of the business.

NEBRASKA TO HAVE BUMPER CROP

Lincoln, Neb., Oct. 27.—Nebraska's bumper corn crop, estimated at 251,619,000 bushels is proving a worry to the farmers of the state. According to F. A. Kennedy, secretary of the state labor department 5,000 men are needed to husk the crop.

NOTED LECTURER AND AUTHOR DIES

Freeport, Ill., Oct. 27.—Miss Winnifred Hall, 74 years old, lecturer and author of such works as prison reforms died at her home today. She was the founder of the Freeport Public Library.

CONSTITUTIONAL GOVERNMENT IS AT STAKE—SMALL

**Republican Candidate Issued
Statement Last
Night**

**LEWIS PUTS PARTY
BEFORE COUNTRY**

CHICAGO, Oct. 27.—Len Small, Republican candidate for governor, in a statement tonight declared the constitutional government of Illinois was at stake in the coming election and that the preachers of James Hamilton Lewis, Democratic candidate, were calculated to destroy the constitution of the United States.

Having stated that he will not be bound by what he calls "the obsolete paper provisions of a paper constitution," does Candidate Lewis now propose to undo the work for which Lincoln, Grant and Logan wrought by disfranchising the men and women of Illinois who were protected in their rights by the fifteenth amendment," said the statement.

"My opponent's preachers are all calculated to destroy the United States constitution while my pledge is that the whole power of the state government will be used to protect all our people regardless of race, color or creed."

"I ask the Republicans of Illinois if they can vote for my Democratic opponent who on the ground that he was a Democrat voted appropriating funds to prosecute the Spanish-American war and on the floor declared 'that with the true Democrat there can be no such cry as my country before my party.'"

BODY OF MACSWINEY LYING IN STATE IN ST. GEORGE CHURCH

**First Services to be
Held Thursday
Morning**

**MANY FLORAL
OFFERINGS RECEIVED**

LONDON, Oct. 27.—The body of the late Lord Mayor of Cork, Terence MacSwiney, is lying in state tonight in St. George's cathedral. A body guard composed of members of the Cork and London brigades of the Irish volunteer army, dressed in civilian clothing is keeping vigil thru-out the night beside the coffin, which is shrouded in a Sinn Fein flag, rests on a catafalque in the cathedral chancel.

The first services will be held tomorrow morning at 11 o'clock, when a requiem mass will be celebrated. Absolution will be given by Archbishop Mannix, other dignitaries officiating. At two o'clock in the afternoon the funeral procession will proceed from the cathedral to Euston station by way of Black Friars bridge along the embankment thru the busy downtown section, the Strand and Kingsway.

The inquest at the prison was ended shortly after noon but it was six o'clock before permission for the removal of the body was obtained from the home office and arrangements completed for the taking over of the body by the family. Six Irish political prisoners confined in Brixton shouldered the coffin from the prison mortuary to the gates, where it was placed on a motor hearse and the procession of mourners in which were members of the family, Father Dominic and the Cork deputation, moved off slowly on the four mile journey to the cathedral.

A small crowd stood silently with bared heads as the cortege slipped away in the thick mist the watchers then quietly dispersing.

Progress Without Incident
The progress to the cathedral was without incidents but throngs of people overflowed the spacious edifice and lined the streets, awaiting the party at St. George's.

Churchmen met the body borne on the shoulders of volunteers at the door and headed the solemn passage down the aisle to the chancel. The widow and other relatives followed chanting and saying their prayers for the dead, after which the body guard took up their posts and the congregation filed slowly past the casket.

The rosary was recited and prayers were offered during the ninety minute wait for the arrival of the body. At the cathedral the headquarters of the Irish Self-Determination League and even at the prison, floral offerings poured in thru-out the day. The inscriptions carried from a formal expression of sympathy to such as "patriot," "from a regretful Englishman," and "a lover of Ireland."

The funeral party left Euston station at 6:20 this evening on the regular train for Holy Head. Transfer will be made to the channels steamer for Dublin, which will be reached early Friday.

The rosary was recited and prayers were offered during the ninety minute wait for the arrival of the body. CHICAGO BALLOTS LARGEST IN HISTORY

CHICAGO, Oct. 27.—A fac simile of the huge ballot upon which voters will place their marks next Tuesday was reproduced today in newspapers. The ballot is almost a yard square and political experts believed it to be the largest in the history of organized politics in the United States.

The actual measurement of the ballot is 30 by 36 inches and it contains only the names of the candidates for president, vice president, congressmen, legislative and county candidates. In addition, Chicago voters will be handed two smaller sheets, one containing the names of candidates for municipal judge and the other containing the municipal propositions, which include a "city ward" bill, aldermanic term of office question and a referendum on the daylight saving bill.

ANNOUNCE AN APPEAL WILL BE MADE

New York, Oct. 27.—A joint demurrer to a federal indictment charging 38 foreign steamship companies and a number of freight brokers and individuals with violation of the Sherman anti-trust laws were sustained in full here today by Federal Judge Julius M. Mayer. It was announced that an appeal from the decision will be made by the government.

WILL BEGIN SUMMING UP COCHISE CASE

Bologna, Italy, Oct. 27.—Both the defense and the prosecution in the case of Alfredo Cochise on trial here charged with the murder of Ruth Cruger, 18 year old high school student in New York City in February 1917 announces this evening that they would rest tomorrow, and begin summing up.

TRAMWAY SERVICE WAS SUSPENDED

Barcelona, Spain, Oct. 27.—A strike of metal workers is hindering the public services and the tramways were obliged to suspend service today on iron lines. A bomb was exploded in the window of a convent causing great damage.

COMMEMORATED ANNIVERSARY OF ROOSEVELT'S DEATH

**White Oak Tree Planted
Near Roosevelt's
Grave**

**MANY PROMINENT
PEOPLE PRESENT**

OYSTER BAY, Oct. 27.—The sixty-second birthday of former President Roosevelt was commemorated here today by representatives of various societies and organizations, who planted a white oak tree near his grave. The ceremony was arranged by the New York Bird and Tree Club and was conducted with the consent of Mrs. Roosevelt.

Many prominent men and women took part in the tree planting and the first shovel full of earth was thrown upon the roots by Mrs. Thomas A. Edison in behalf of her husband. Others who attended were Lord and Lady Rathborne of the British delegation to the tercentenary celebration of the Landing of the Pilgrims, who placed a wreath upon the grave.

The tree planting launched a movement in favor of the organizations to have trees planted throughout the country upon Mr. Roosevelt's birthday in memory of the former president and other illustrious Americans.

FINE ENTHUSIASM AT G. O. P. MEETINGS

**Representative Perkins and Coun-
ty Candidates Addressed Voters,
at Franklin and Alexander.**

Weather conditions didn't interfere at all with the Republican mass meetings held last night at Franklin and Alexander. Representative Perkins of Lincoln made the principal address at each gathering, and the candidates for county offices also had something to say. The Franklin meeting was held at the opera house with W. N. Luttrell presiding. A quartet including Mr. and Mrs. Hackett Wilder, Miss Fern Haight and Maurice Peckham, sang several selections and the DeSilva drum corps contributed to the enthusiasm of the event.

The town hall was the place of meeting at Alexander, with Charles M. Strawn presiding. There the program was very much the same as that at Franklin. Both meetings were very largely attended and a fine enthusiasm, very encouraging to the candidates, was in evidence. Judge H. P. Samuel, John W. Larson and R. Y. Lowe were among those from Jacksonville who attended the meetings.

Similar meetings will be held tonight in Woodson and Murrayville. The roads are not yet in good condition but with chains it is possible for cars to make some progress.

FEARS OF A TYPHUS EPIDEMIC IN EUROPE

WASHINGTON, Oct. 27.—Fears of a typhus epidemic in Eastern Europe was expressed today in reports given out by the Red Cross national headquarters. Lacking of clothing, fuel and transport according to Sir Arthur Henderson, director general of the league of Red Cross societies will make it very difficult to apply the usual methods of disinfection to the population of Poland, even tho with the coming of peace the army will be demobilized.

The demobilization is expected to add to the difficulties in that barrier existing along the Russian border will be removed and refugees carrying the infection allowed to return to Roumania, Poland and Estonia.

ADDITIONAL STANDS BEING ERRECTED

New York, Oct. 27.—Additional stands are being built at the Polo grounds to increase the seating capacity to 40,000 for the Army and Navy and other football games scheduled there this fall. Among the important inter-collegiate games to be played on the grounds will be Nebraska vs. Rutgers, on election day; Dartmouth vs. Cornell, Nov. 6; Columbia vs. Pennsylvania, Nov. 20.

HELD CONFERENCE HERE C. F. Wemple of Waverly, chair- man of the Morgan County Repub- lican central committee, was in Jacksonville yesterday in confer- ence with J. J. Royle, vice chair- man, and other members of the committee relative to the closing days of the campaign.

ROAD PATROLLING
A GOOD PLAN

Some automobile owners in Macon county have secured the services of a patrolman for the road leading from Decatur to Bloomington. This patrolman has been secured, not for the enforcement of law but to watch the condition of the roadway and to direct such work as will keep the roads in condition. This is a

fine idea and suggests a useful line of activity for automobile clubs and business organizations.

WILL HELP
DRY ENFORCEMENT

The province of Manitoba was voted dry by a majority of 15,000 in accordance with the Dominion of Canada law which made it possible to submit the proposal. Now, if the other provinces will follow a like course, one of the difficulties of enforcing the prohibition law in the United States will have disappeared. The possibility of securing liquor on the north side of an imaginary line and transporting it, even by illicit methods, into the United States helps add to the difficulties of federal agents in their endeavors to enforce the law.

SOME ABUSES
AND SOME USES

Board of trade operations in grain bring frequent criticism from farmers and some of the criticism is well founded. There are, however, distinct advantages to the farmers in future markets

—that is, the farmer, if so disposed, can at any time sell his grain for delivery in a future month or he can buy for delivery to him at a future date. If he could do something of the same kind with his livestock much of the uncertainty which now makes the feeding business hazardous would be done away with.

A SILLY CHARGE

About the silliest pre-election story is that Senator Harding has a personal representative in Russia, who has promised recognition to the Soviet government. Anyone who is familiar with the senator's record and has knowledge of his public utterances will know his estimate of Soviet plans. But even if the Republican candidate had any leaning toward the liberalism of the Soviet leaders the idea is preposterous that he would at this time send a representative into the troubled area of Russia to make promises as to the possible course of this government after next March. It is surprising that the story even brought a denial.

DIFFERING VIEWS
ON ARTICLE TEN

President Wilson has said repeatedly that article ten of the league of nations is the very heart of that document. Now, along comes Paul Bourgeois, president of the council of the league of nations, and declares that neither he nor other leading European diplomats count article ten as an essential part of the document.

This statement goes to emphasize the unreasonableness of President Wilson's position when he would consent to no change or reservations, even after the statesmen of England and France had said that the changes and reservations would be entirely agreeable to them.

MISSOURI VOTERS
HAVE BIG TASK

While the ballot, which will be used in the Illinois election next Tuesday is larger than ever before, it does not equal the size of the Missouri ballot. In that state voters are called upon to express their views on 13 proposed amendments to the constitution, together with two laws which are submitted under the referendum provisions of the constitution. The proposal for a large bond issue, for good roads, prohibition enforcement act and workmen's compensation law are three of the important measures which will be considered.

With all these things to occupy the thought of the Missouri voters, in addition to the claims of candidates, it is not unlikely that many men and women will require the full five minutes allowed by law for marking their ballots.

Rippling Rhymes
By Walt Mason

A Year Ago

A year ago today, no doubt, I had the faintest of the gout, or some grim grief oppressed my soul, and made the scalding tears drop roll. But what it was that made me sore, I don't remember any more. A year ago, I wist and wot, my grumblings made the welkin hot; the burdens I was doomed to bear seemed greater than a man should wear; but what those burdens were that galled my shoulders till I wept and bawled, I don't recall; how can one say that chance a year ago today? Today I'm weeping by the hour; the life I live seems lemon-sour; the government is on the blink, there's nothing for a man to drink, the baseball scandal broke my heart, my dinged auto will not start. But if you meet me one year hence, and lean with me against the fence, and look me in the eyes and say, "We met one year ago today, and you were shedding bitter tears, and had crape tassels on your ears, and sackcloth on your jaded frame, and ashes where your whiskers came, you seemed a most grief-stricken man; now, please explain it, if you can," ah, who can recollect the woe that jarred his soul a year ago? I have fresh troubles every morn; each hour catastrophes are born; I'd be a freak if I could say what hurt a year ago today.

W. H. ANDERSON DIES
AFTER LONG ILLNESS

Well Known Citizen Passed Away Wednesday Evening—Had Resided Here All His Life

William H. Anderson, one of Jacksonville's best known citizens died at Our Savior's hospital at 6:40 o'clock Wednesday evening. Mr. Anderson had been in failing health for the past nine months, tho he was able to get about until the last few weeks. Death resulted from a complication of diseases.

Deceased was born in this city June 9, 1862 and his entire life was spent here. When fifteen years of age he entered the employ of Stephen B. Gray and learned the blacksmith trade.

After completing his trade he entered into partnership with Jerry Leary and the firm for a number of years conducted a shop on West Morgan street in the building now occupied by J. W. Merrigan's ice cream factory.

Nearly thirty years ago Mr. Anderson disposed of his interest in the business to Mr. Leary and opened a shop for himself in a building that stood on the site now occupied by the postoffice building.

Later he purchased the property at the corner of East Morgan and South East streets and has since occupied that location. Mr. Anderson was known as an expert workman and made a specialty of shoeing race horses and during the days of the old county fairs always had a forge on the grounds. By good work and honest dealing he had built up a splendid business which in recent months has been conducted by his son William.

October 3, 1887 Mr. Anderson was united in marriage to Miss Margaret Roach of this city who survives together with the following children. Mrs. John Russell of Springfield, Miss Ethel Anderson and William Anderson at home and Harry D. Anderson of Beadstown. Three children died in infancy.

Mr. Anderson was a member of the Church of Our Savior. He also was affiliated with a number of fraternal orders and took an active interest in their work.

One of the outstanding characteristics of Mr. Anderson throughout his life was his unflinching optimism. He was always in a good humor and had a cheerful word for everybody. In his family he was kind and loving and his greatest happiness was found in providing for those he loved.

A citizen of the highest type and one always ready to aid any forward movement, Mr. Anderson will be missed in the social and business life of the community and in his death his family loses a kind and indulgent husband and father.

The remains were removed to the undertaking parlors of J. H. O'Donnell and prepared for burial. The time of the funeral will be announced later.

Workmanship

Workmanship enters into a suit of clothes with more significance than into almost anything manufactured—especially into merchant tailoring. Did you ever stop to think how important a good tailor really is. Modern cloth making is a highly developed art and yet a poor tailor can ruin the finest piece of cloth with a few false strikes of scissors or needle. In my shop work is done properly. Fit, finish and style of each garment are guaranteed to be correct. Drop in and see the goods—some of the finest in the United States. Ask to see a finished coat and examine the work on it. Then get prices. You will find that a good customs suit is remarkably low priced when you know where and how to buy.

SHAVE NOW WITH COLD WATER

New Discovery Softens Beard Even When Hot Water Is Not Available.

Barbasol Does Its Work Equally Well With Either.

Now we are told that hot water is not necessary for a comfortable shave. You need not worry if your heater goes wrong, or the janitor forgets to fire up.

Use Barbasol, the new antiseptic beard softener, for shaving and cold water will work just as well as hot.

All that is necessary is to dampen the face, apply Barbasol with the fingers, and your razor will do the rest. No scraping or pulling, just a clean shave, leaving your skin cool and free from the usual smarting and irritations.

Try it; get a tube from your druggist and see for yourself.

If your druggist hasn't Barbasol it will be mailed to you on receipt of price, 35 cents, and druggist's name. Made only by the Napco Corporation, Indianapolis, Indiana.

WILL TAKE LARGE SUM TO FEED EUROPE

American Relief Administration Estimates Amount at \$10,000,000 — "White Collar" Class Suffering.

BERLIN.—(By The Associated Press.)—The American Relief Administration will need \$10,000,000 to feed the hungry children of Europe and to maintain its warehousing work this winter, W. L. Brown, who is in charge of the European Relief said on the eve of a conference of 20 men who are managing the association's offices in Germany, Poland, Austria, Hungary, Czechoslovakia and the free state of Danzig. The organization has abandoned its relief work in the majority

of the Balkan states, where Mr. Brown says the conditions are "approaching normal" although there is still much suffering, but he declared that the Russo-Polish war had doubled the demands on the Relief Administration in Poland where at least 900,000 children and thousands of adults are facing starvation.

Plans are being prepared to open warehouses and feeding stations in central and southern Poland which was devastated by the Bolsheviks. The relief may also be extended eastward in north Poland to the inhabitants who rendered destitute by the Russian invasion which virtually disrupted the arrangements for feeding half a million Polish children.

The conditions in Hungary and Jugoslavia also necessitate the expenditure of sums aggregating the amounts which were expended

last winter and the situation in Germany, Mr. Brown said, was such that there could be no thought of abandoning the distributing of food packages.

A new phase of the relief work has been disclosed by the reports from workers that the direct distress prevails among the "white collar class" in all war stricken countries. "Some of the most pitiful cases with which we have had to deal have been those of salaried men and intellectuals, college professors, government employees, pensioners and former army officers," Mr. Brown said.

"The pride which characterizes this class is unable to conceal the fact that many are facing actual starvation and must have help or perish this winter. Until recently we had no provision to aid them but a few men who realized the situation contributed \$500,000 to be devoted exclusively to them and this will alleviate but not relieve their suffering. Their distress has been unequalled even among the poorest laborer and they present a problem which is much harder to solve."

ATTENDEE MASONIC GATHERING IN SPRINGFIELD

A number of Morgan county Masons have been in Springfield in recent days to attend sessions of the Springfield consistory. A class of more than 600 candidates took the work closing with the 22nd degree Wednesday night. Julius G. Strawn, Dr. G. W. Miller, John Sibert and Barr Brown were among those who went to witness the ceremonies while most of the visitors were candidates. At one session special honor was shown Dr. Miller, when the presiding officer presented him with a bouquet of beautiful flowers.

Among those in attendance were John L. Johnson, Dr. H. A. Chapin, C. C. Phelps, C. A. Johnson, Henry Goshel, Clarence York, Dr. Charles Kopper, Benjamin Cohen, William Baumgardner, T. A. Elbrex, Alex. Donovan, Charles Rohrer, W. H. Ricks, C. F. Wolter, C. C. Rigden, Lloyd Vieira, Jacksonville; Harry Cade, Murrayville; Joe Self, John Craig, J. T. Jones, Woodson; H. P. Joy, J. D. Gaddis, Chapin; Samuel Camm, Alexander.

MOTION PICTURES TO REPLACE TEXT BOOKS

Philadelphia—Motion pictures will eventually displace many text books in the public schools in this city, predicts Louis Nusbbaum, assistant superintendent of the schools in this city.

Thirty public schools here now have motion picture machines and rent films from the film exchanges for use in their lessons. "More can often be learned in five minutes with an instructive specially prepared motion picture film than in an hour of study from the text-book," said Mr. Nusbbaum in urging the idea before the property committee of the Board of Education. Motion picture machines would help out in the text-book shortage.

RATE OF INTEREST ALARMS FRANCE

PARIS.—(By The A. P.)—The French press, commenting on the \$100,000,000 loan which has just been made by a syndicate of American bankers to France, endeavors to reassure the general public which has been somewhat alarmed at the rate of interest. Taking into account all charges and premium, they figure the interest to amount to 9.42 per cent. It is explained that this rate is by no means unreasonable when compared with the interest charged both to Belgium and Switzerland in the recent loans made by America.

The French newspapers say the American nation, as represented by its government and Congress, has shown itself to be far more generous than the American bankers, as no demand has yet been made for one cent of interest on the state loan advanced to France by the United States during the war.

419 Eggs From 20 Hens In 30 Days

Mr. Dougherty Got This Result In October. Plan is Easily Tried.

"I tried Don Sung and the results were far past my expectations. I got 419 eggs in 30 days from 20 hens which I had laid at all before. I rank Dougherty, 4340 E. 11th St., Indianapolis."

Mr. Dougherty bought 21 worth of Don Sung in October and wrote this letter in November. Figure his profit on 43 dozen eggs from hens that formerly laid little or nothing.

This may sound too good to be true, but it costs nothing to find out. We'll make you the same offer we made him. Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded.

Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

You can obtain Don Sung from your druggist or poultry remedy dealer, or send \$1.04 (includes 5¢ for a package by mail. Barred-Broiler Co., 214 Columbia Bldg., Indianapolis, Ind.)

The Casket of Alexander the Great was of beaten gold, so wrought by the hammer as to fit the body. Over the casket was a cover of gold, over which was a purple coat embroidered with gold.

Judging from the prices that others ask for caskets we have almost the right to expect them to be made of beaten gold, but we actually receive far less in return.

The caskets I carry are superior in workmanship to the Casket of Alexander the Great and there is a tremendous difference in the cost.

Nature Will Do the Rest

Did you know that ninety per cent of all human ailments depend upon the condition of your blood?

Nature gives her warnings in various unmistakable ways, so that when the appetite fails, and you become weak and listless and a general run-down condition seems to take possession of the whole body, it is an unfailing sign that impurities will steadily accumulate until your general health will be seriously affected. You should recognize the importance, therefore, of very promptly cleansing out the system and keeping the blood supply pure and robust.

For this purpose, no remedy equals S.S.S., the fine old blood purifier that has been in constant use for more than fifty years. Being made from the roots and herbs of the forests, it is purely vegetable, and contains no mineral substance.

MADE INSPECTION TRIP TO FARMS

Morgan County Men Consult
Frank Mann On Soil Fertility
Problems.

Arthur M. Masters, together with Vernon Baker, Carl West, Harry Strang and J. A. Dunham, have returned from an automobile trip to northern Illinois. This expedition was planned by Mr. Masters, not for pleasure purposes but particularly to familiarize the men who accompanied him with some of the methods of agriculture followed in other farming communities. The party traveled from Jacksonville to McLean county and then drove to Grundy and DeKalb counties before visiting the University of Illinois.

The visit to Grundy county was for the particular purpose of inspecting the sweet clover fields. There are vast acreages of sweet

clover in Grundy county, the variety being different from the sweet clover usually seen in this county. The plants do not grow nearly so high and the farmers there find sweet clover one of the best of their legume crops. It is grown extensively for feeding purposes and for its humus value to the soil.

On the Mann farm. The Jacksonville men found their visit to Frank I. Mann's farm in DeKalb county the most interesting and they made quite an extended stay there. Mr. Mann is one of the best known soil authorities in Illinois. He is a practical farmer and by his system of crop rotation has attained some marvelous results on his farm. Mr. Masters said yesterday that Mr. Mann is really about fourteen years ahead of most Illinois farmers in the soil building plan that he has worked out.

This year there has been very little rain in northern Illinois. In fact, the records show that in DeKalb county there was not a rain from April 26 until a comparatively recent date. Notwithstanding this long period of drouth, Mr. Mann is able to show an extensive acreage of corn which will produce 70 bushels to the acre. He plants alfalfa nowadays instead of red clover, making it a part of his crop rotation plan. In the four-year plan that he follows there is wheat or oats followed by corn, then wheat or oats and corn again. Mr. Mann is a firm believer in the use of phosphate in order to secure the necessary quantities of phosphoric acid, and he has been applying these phosphates for years.

Alfalfa Instead of Clover His program calls for a ton of phosphate per acre applied once in four years. As already

stated, Mr. Mann, now much of the time, uses alfalfa instead of clover. He plants the alfalfa in the spring with oats or on the wheat fields. In the fall the alfalfa is plowed under and then comes the corn planting the following spring. Alfalfa, in Mr. Mann's view, makes a larger contribution to the soil than clover and at the same time furnishes a larger amount of feed than would clover in the same period. The soil on his farm is in such a state of fertility that the fine seed bed that is necessary here for growing alfalfa is not necessary on his farm. He simply plants alfalfa seed in just the ordinary method that clover seed is scattered or drilled in.

Mr. Masters believes the same plan can be followed here after a few years' use of phosphate. The whole problem of maintaining and building up soil fertility is a matter of nitrogen, phosphoric acid and humus. Any legume crop will furnish the nitrogen by absorption from the air. This same legume when plowed under provides the humus and the phosphoric acid comes from the application of phosphate to the soil. There is one other way this phosphoric acid can be secured and that is from commercial fertilizer, but this method of securing it is much more expensive than by the use of phosphate.

Another week has been allowed for the work of securing the necessary enlistments to bring the local militia company to the required strength, according to a communication received yesterday by Capt. In his message Capt. Nunan indicated that he is doing his best to have this city receive all possible consideration, but stated that the war department is calling for quick action in the handling together of militia companies. It will require some very strenuous efforts on the part of some one if the necessary enlistments are secured by Saturday, the final day.

ON WATER SUPPLY**
Anybody resident here has a feeling that there has been plenty of rain, especially when the last five days are taken into account. Nevertheless, the Decatur Review records the fact that the big Staley starch factory in that city is about to shut down because of an inadequate water supply.

The plant manufactures both starch and glucose and an immense amount of water is required. It was largely for the purposes of caring for the needs of this plant that the Decatur people some months ago undertook a great water supply project which is under way now. After the completion of the dam the plant will have sufficient water supply for present needs and for future development.

COL. DUNCAN TALKED TO COLORED CITIZENS

Praise G. O. P. for Treatment Accorded His Race—Sharp Arrangement for Wilson and Lewis.

Colonel Otis Duncan of Springfield addressed a mass meeting of colored citizens at the court house Wednesday night. John J. Reeve presided and made brief remarks by way of introduction. Hugh Green also made a brief address. Colonel Duncan was for years attached to the Illinois National Guard and in the war time was in the U. S. army service for 18 months, serving overseas practically all of that time. He was in the battle of the Argonne and other important engagements of the war and was awarded a distinguished service medal.

Colonel Duncan last night made no reference to his war service, although Chairman Reeve commented upon it in his introductory remarks. Mr. Green said that the Republican party puts America first and is not in favor of any league of nations which does not recognize the interests of this country first of all. He referred to the straw vote recently taken in the pivotal states of New Jersey, New York, Indiana, Ohio, Illinois and California, where the returns were three to one in favor of Harding and Coolidge.

The speaker said that although a defeated candidate for county office, that election day would find him working at the polls for the whole ticket and he expressed the hope that every man and woman present would vote the straight Republican ticket.

U. S. Indebted to Senate Colonel Duncan is a very forceful and eloquent speaker. He is well educated and has the gift of oratory. So it goes without saying that the large audience gave him the closest attention and was thoroughly interested in his arraignment of the Democratic administration and the party. He discussed the league of nations as one of the most important issues of the campaign and said that the people of the United States had reason to be thankful that the senate refused to endorse the league program as advocated by Mr. Wilson, "the president of vision and theories."

Colonel Duncan said that the president went into power four years ago on the slogan, "He kept us out of war," and then within a few months war was declared upon Germany. The speaker criticized the Mexican policy of the administration and gave facts to show the terrific extravagance practiced at Washington.

Colored Soldiers and Wars
It was natural that he should pay tribute to the Americanism and loyalty of the colored race. "Four hundred thousand colored men took part in the last war," he said, "and no one can accuse our race of disloyalty or cowardice. The colored man has done his full share in the wars of this country. In the Spanish-American war at San Juan hill it was the 9th and 10th cavalry and the 24th infantry of colored troops that turned defeat into victory, pushing the Spaniards back over the brow of the hill in the battle which practically won the war. If J. Ham Lewis, who was serving as an officer in a clerical capacity in that war, had been at the front, he wouldn't have referred to as a black man's victory. Nevertheless, this same J. Ham Lewis, who is Democratic candidate for governor in this state, has declared that this is a white man's government and if elected he will not stand for negro domination in any locality. Because colored men have supported Mr. Thompson in Chicago and now hold offices there, Col. Lewis refers to "black Chicago."

The G. O. P. Record
Colonel Duncan referred to the unfair treatment accorded colored men in the south, where millions are practically disfranchised. He said that to the Republican party the colored race owes whatever of privilege it may have today, and declared that it is only because Republicans control Illinois that the conditions of the south do not obtain in this state.

Mentioning these and other facts, the speaker went on to urge those in the audience as a matter of both patriotism and self-interest to vote the straight Republican ticket. In talking of Col. Lewis the speaker quoted the statement attributed to Lewis while senator, that he did not consider himself bound by the obsolete provisions of a paper constitution. "If Col. Lewis felt that way about the constitution of the United States, how would he feel about the provisions of the constitution of Illinois if elected governor of this state? For my part, I think that the constitution is the greatest document given to mankind since the Ten Commandments were given to Moses at Mt. Sinai. The Bible, the constitution and the emancipation proclamation, what greater documents are there in all history?"

Colonel Duncan made special reference to Jacob Frisch, candidate for representative, a man whom he has known thru the years, and urged that a vote be cast for him. He spoke in complimentary terms also of Earl Searcy, also a candidate for representative.

Altogether, it was a strong, well-ordered address, worthy of any audience.

VISITOR FROM URBANA
Rev. Mr. Paige, pastor of the University Episcopal church at Urbana, was a guest yesterday of Rev. and Mrs. J. F. Langton at their home on South Church street. Rev. Mr. Paige came at this time especially to inspect the new Trinity church here and to get some idea which will be of use in deciding upon the architectural plans for the new church which the people of Urbana contemplate erecting. The visitor, who is an authority on church architecture, gave it as his opinion that the local Episcopal church is one of the most beautiful he has ever visited.

WESLEYAN COMES FOR GAME FRIDAY

**Strong Team From Bloomington
Will Tackle Illinois College—
Visitors Are Going Good and
Will Give Illinois Hard Fight.**

Wesleyan University's football team will come to Jacksonville Friday to tackle Illinois College. Wesleyan is going strong at the present time and have lots of fight and will give Illinois probably one of the hardest games they will have this season.

The visitors have been able to score against every team they have played this season, getting two touchdowns against Augustan on their own field. They also upset the conference dope pot by handing Eureka a beating.

Coach Muhl's team undoubtedly has scoring ability and it is going to take some touchdowns to beat them. Capt. Zook, who plays at end is one of the best receivers of forward passes in the conference and Hausler is a good passer. This combination has given Wesleyan many points this year.

Hausler is also a fine open field runner. McAdams who has been playing at quarter has been shifted to half and will make a good running mate for Hausler. Both are good at carrying the ball and will keep Illinois' defense on the alert to keep them from getting away.

Coach Herman has had his men out for scrimmage every night this week and they are showing up well though not as good as the coach would like to see. A number of the men are suffering from minor injuries and yesterday some more hard luck hit the squad when Bill Miller one of the second string men suffered a broken collar bone.

The team will line up at the kickoff as follows, tho it is probable changes will be made as the game progresses.

Witaschek, lg; Gunn, lg; Friedman, c; Andrew, rg; Reid, rt; Mellon, re; Cully, qb; Locke, rh; Barnes, lb; Ferreira, fb.
Martin of Bradlev will referee. McNeill of Augustana will umpire and Benjamin of Illinois Normal will serve as headlines man.

ILLINI FRESHMEN RIP UP VARSITY

Use Minnesota Shift With Telling Effect—Zupke Looking for Speedier Men in Line.

Champaign, Ill., Oct. 28.—The Varsity team received a surprise package from the hands of Coach Winter's freshmen yesterday, when his star freshman team, using the Minnesota shift, ripped thru them for a couple of touchdowns. The work of the regular linemen continued to be ragged and slow; so Coach Zupke altho adverse to changing a winning combination is seeking for some speedier forwards.

The fast, open style of play, which he has developed at Illinois, demands linemen that can run interference, as well as block plays. McCann, Wilson, Hughes and Green are substitute linemen that have been developing rapidly, and they satisfy the little mentor as to speed and hard tackling. Lack of experience has been keeping them out so far. Larimer, who suffered an injury to his knee early in the season, is now back fighting for a halfback position. He is an ideal back, fast, heavy, and coupled with his ability to drive hard, are his two years' experience under Zupke.

The booting of Hellstrom has been a revelation and a delight to the Illini followers. Not since the days of Bart Macomber have they seen such punting. He gets his kicks away quickly, with great height and distance. In the Michigan game, he easily outkicked the veterans Dunn and Steckee, and placed each punt with wonderful accuracy.

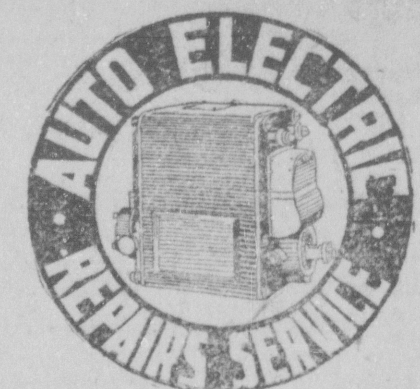

The latest work from the Gopher camp says that the team has made wonderful improvement in the last few days. Realizing that their chances for a championship team are gone they will consider it a very successful season if they can topple Illinois from its ladder. Coach Williams has summoned many of his bygone stars to the university, and, under their combined efforts, a new and powerful machine is being built. They have scouted the Indian team in the last two games, and Dr. Williams is confident that his charges will put a stop to Zupke's famous aerial attack.

The ticket sale is going along rapidly, but there will be several thousand general admission tickets placed on sale the day of the game, for out-of-town visitors who motor in.

**WHEN RHEUMATISM
HITS YOU HARD!**

Sloan's Liniment should be kept handy for aches and pains.

WHY wait for a severe pain, an ache, a rheumatic twinge following exposure, a sore muscle, sciatica, or lumbago to make you quit work, when you should have Sloan's Liniment handy to help curb it and keep you active, and fit, and on the job? Without rubbing, for it penetrates, apply a bit today to the afflicted part. Note the gratifying, clean, prompt relief that follows. Sloan's Liniment couldn't keep its many thousands of friends the world over if it didn't make good. That's worth remembering. All druggists—three sizes—the largest is the most economical. 35c, 70c, \$1.40.

**Mr. Charles Grewe
Tells How Cuticura
Healed Pimples**

"I had pimples and itching enough to set one crazy. My face, neck, arms and back were covered with pimples and they later became an entire rash so that I looked horrible. I was ashamed of myself. Many nights I did not sleep, and I soon became nervous. The pimples were hard and red, and were very large, and I scratched the parts affected. I saw an advertisement about Cuticura Soap and Ointment so I sent for a free sample. I bought more, and used four cakes of Cuticura Soap and two boxes of Cuticura Ointment which healed me." (Signed) Charles Grewe, 215 South 5th St., Steubenville, Ohio, Mar. 27, 1919.

How to Have a Clear Skin
Having cleared your skin keep it clear by using Cuticura Soap and Ointment for every-day toilet purposes and Cuticura Talcum powder and perfume. Rub with Cuticura Soap and hot water, using plenty of soap, but apply with the hands which it softens wonderfully. If signs of pimples, redness or roughness are present touch lightly with Cuticura Ointment before bathing to soothe and heal.

**AUTOMOBILE AND
TRACTOR COLLIDE**

A few days ago about ten miles south and west of Winchester, Frank Dawson was driving an automobile with Ernest Clark and some one else in the back seat, when just after turning a corner and going straight down the road they met a large steam thrasher engine coming towards them.

Mr. Dawson turned out but the driver of the steam engine evidently did not see the automobile as he drove the engine right into the auto. Mr. Clark happened to be on that side and his arm was broken and he was bruised considerably. He finally got clear of the car and got out where the driver of the engine could see him, and the driver stooped the engine but not before it had smashed one fender off and done other damage to the car.

Mr. Clark was brought to Doctor Haingrove and his arm was set and other injuries given attention. The accident might have been worse as it looked to Mr. Clark as though the engine was going right on over them, automobile and all.

**ZAHN'S GARAGE
AUTO INN**

THE LADY IS IN PLACE
The figure of "Columbus" is now in place on the soldiers' monument and it is surely a grand piece of work and greatly admired by the many who have seen it. It weighs more than two tons, and is a superb piece of work. It is securely anchored to the stone pedestal on which it rests and many years it will doubtless serve to remind the people of the men who fought to save the country. It is hard that so many men who were so eager to see the completed structure failed to live long enough for the purpose.

**"ALL THE WORLD
LOVES A LOVER"**

All the world loves a lover, and if report be true, there is no artist on the American stage who can compare with that eminent actor-manager, Lou Tellegen, in the art of making love.

This will be demonstrated at the Grand theatre on Saturday, Oct. 30, matinee and night, when he will present himself (in person) and his excellent company of players, in a magnificent revival of his greatest of all American successes, "Blind Youth," the comedy drama in three acts, by Willard Mack and himself, which enjoyed such long and prosperous runs in New York, Boston and Chicago.

Mr. Tellegen is booked for a trans-continental tour this season, and his company includes Lorna Ambler, Juliette Crosby, Helen Grayce, Marcelle Bague, Kathryn Howard, Douglas S. Bright, George Denebourg, Schuyler White and Russell Clark, while the production is brand new, an exact duplicate of the sumptuous settings which characterized the long runs in the above mentioned cities.

Mail orders will be accepted now in the order received, the box office sale of seats are now open.

Those important soft little woolens—
they need the most delicate
laundering there is

LUX

His wool things, so silly small they look like make-believe, are very real to him—there must not be a single scratchy shirt, nor one shrunken band in his whole wardrobe!

Every night they're gathered up and tossed into a big bowlful of the gentle Lux suds. Then just soaping, and pressing of the rich suds through the very soiled spots.

There's no matting and no shrinking because there's not a bit of rubbing to hurt the fine wool fibres.

Let Lux keep all his tiny wool things soft and sweet. Your grocer, druggist or department store has Lux.—Lever Bros. Co., Cambridge, Mass.

To keep his woolens soft and unshrunken
Whisk two tablespoonfuls of Lux into thick lather in bowl, full of hot water. Add cold water until lukewarm. Squeeze suds through. Do not rub or twist.
Rinse in three lukewarm waters. Squeeze water out. Dry in moderate temperature; press with warm iron.

No suds so wonderful for family baby things

TRAVELERS FIND BAD ROADS
Wednesday there arrived in the
city three automobile loads of
people, thirteen in all, that had
started from Anderson, Ind., and
are on their way to the Rio
Grande valley of Texas, part of
them to Brownsville and the rest
of them to Edinburg. There
were three families, Mr. and Mrs.
S. J. Stottemeyer and daughter,
Mr. and Mrs. George Preston and
son, Mr. and Mrs. Elmer Rodcap
and son, Mr. and Mrs. Elmer
Schlert and Mr. Stottemeyer, a
single man. They say the roads
are very bad and they have de-
cided to load the tenting equip-
ment on the train from here and the
women folks and try to sell one
of their cars here and the men
folks drive the other cars thru to
Brownsville, Texas.

Hamlin's Wizard Oil a Safe First
Aid Treatment

How often lockjaw, blood poi-
soning, the loss of an arm or leg,
or sometimes even life itself, re-
sults from the neglect of a burn
or little cut! Hamlin's Wizard
Oil is a safe and effective first aid
treatment. It is a powerful anti-
septic and promptly applied to
wounds of this kind will lessen the
danger of blood poisoning.

Wizard Oil is a good dependable
preparation to have in the medi-
cine chest for first aid when the
doctor may be far away. It is
soothing and healing and quickly
drives out pain and inflammation
in cases of sprains, bruises, cuts,
burns, bites and stings. Just as
reliable too for stiff neck, sore
feet, cold sores, canker sores,
eczema and toothache.

Generous also bottle 25c.

VISITORS ADDRESS I. W. C. STUDENTS

Visitors of Note Heard in Address at Chapel Exercises in Recent Days—Death of Former Instructor Noted.

Among visitors at Illinois Woman's College in recent days have been Dr. Eugene M. Antrim of Springfield, Dr. Charles E. Guthrie, general secretary Board of Epworth Leagues of the M. E. church, and Dr. George H. McClung, pastor of the church at Kankakee. Miss Anne Hinrichsen, executive secretary of the state department of public welfare, was at the college Wednesday morning and addressed the students at the chapel hour. The visitor explained in detail the work which the department is doing and called attention to the convention which will open its sessions in the city today.

Among graduates of the college now engaged in public welfare work besides Miss Hinrichsen, are Miss Grace Hasenstab of the class of '19 and Miss Gladys Goodale of the class of '20. In the student body now are a number of young women who are especially fitting themselves for work along community betterment lines.

The college authorities have just learned of the death of Miss Mary Pegram, a graduate of the class of 1864, whose funeral will be held in Lincoln today. For a number of years Miss Pegram was teacher of mathematics at the college and she later held the office of principal. Many in the city who knew Miss Pegram in years gone by will regret to know of her death.

FORMAL OPENING OF CHARITIES CONFERENCE

Will Open Friday Morning in State Street Presbyterian Church—Places of Meeting are Announced.

The formal opening of the state conference of charities and corrections will take place at 10 o'clock Friday morning at State Street Presbyterian church.

Mrs. Helen Brown Read will sing "The Bells of Rheims," Mr. Willard Wesner will be accompanist.

Mr. H. A. Perrin will preside. Mayor E. E. Crabtree will deliver the address of welcome to the city and Judge H. P. Samuel will speak for the county.

Judge Perry L. Person, president of the conference, will make the response for the conference.

The principal address will be given by Mr. Charles H. Thorne, director of the Department of Public Welfare. Mr. Thorne will discuss the work of department throughout the state. This will be Mr. Thorne's first appearance at a public meeting in Jacksonville.

As director of public welfare Mr. Thorne has placed the public welfare service of Illinois in a most enviable position throughout the United States. Institution administration has been re-organized and standardized; occupational therapy and social service have been placed on a scientific basis; psychopathic laboratories have been established in the correctional institutions; new institutions have been begun and standards have been raised.

Mr. Thorne entered the state service free from any political restrictions. His immense wealth has made it impossible for any charges of self interest to be brought against him. As director of twenty-five institutions caring for 30,000 inmates at an annual cost to the state of \$10,000,000 he has proved the tremendous value of business efficiency and social vision.

Governor Lowden, who was to have delivered the final address, will be unable to be present.

Friday afternoon visits will be made to the three state institutions. At each institution a short program outlining the work of the institution will be given.

Mr. Charles H. Thorne, director of public welfare; A. L. Bowen, state superintendent of charities; Dr. H. Douglas Singer, state alienist; Dr. Hermann M. Adler, state criminologist; and the managing officers of the state institutions at Geneva, St. Charles, Alton, Lincoln and Peoria and others will be present.

All persons interested in the work of the institutions are invited to accompany the party thru the institutions.

The institutions will be visited in the following order: School for the Blind, School for the Deaf, Jacksonville State hospital.

Miss Elois Capps will play two violin solos and Miss Ruth Armstrong will sing.

The speakers will be Mr. Walter Davidson, director of civilian relief for the American Red Cross, Dr. Harry E. Mock, former colonel of staff of the surgeon general of the United States and Mr. Michael J. Dowling, president Minnesota State Bankers' association.

MAY ADOPT SHIVERS CHILD

The infant child of Mr. and Mrs. Roy Shivers, who has been at Passavant hospital for a number of months, is now under the care of Miss Angie Toler, who is here from Oklahoma as a guest of her sister, Mrs. Alfred Smith of Turton street. The Shivers child after practically being abandoned by the parents, was placed at Passavant hospital by order of Judge Samuel. Recently Miss Toler became interested in the case of this infant child and the proposal for adoption was made. Local notice has been given and it is quite probable that the court will approve Miss Toler's plan.

Fox, Mrs. E. L. Kinney, and Mrs. Jane Smith. December ninth was selected as the date for the annual bazaar and turkey dinner. The treasurer gave her report and a substantial balance was reported by the treasurer. An election of officers was held and the following were elected: Mrs. E. L. Kinney, president; Mrs. Thomas Buckthrope, first vice-president; Mrs. Joseph Stice, second vice-president; Miss Clara Hanson, secretary; and Mrs. Anna Brown, treasurer.

Alexander Woman's Club In Open Meeting

The members of the Alexander Woman's Club held their annual open meeting Wednesday evening at the hospitable country home of Mr. and Mrs. O. E. Ryan, with a large number of the members and their guests present. A splendid supper was served at 7:30 o'clock, the menu including chicken on toast, cranberry sauce, mashed potatoes, Waldorf salad, scalloped oysters, bread and butter sandwiches, coffee, cake, ice cream, mints. The success of the repast reflected great credit upon the domestic science committee, which included Mrs. Charles Strawn, chairman; Mrs. J. W. Reif, Mrs. C. H. Becrup, and Miss Anna Colwell.

The program which was arranged by the committee composed of Mrs. Wade H. Schott and Mrs. Charles Drury, included the following: Instrumental solo—Mrs. Lottie Strawn.

Vocal solos—Miss Lillian Kumble.

Instrumental solo—Mrs. Lester Gray.

Vocal solo—Mrs. Louise Beerup.

WINCHESTER O. E. S. IN SPECIAL SESSION

Three Candidates Given Work at Special Session—Circuit Court in Session—Other Winchester News.

Winchester, Oct. 27.—The Eastern Star held a special session Wednesday evening, when three candidates were given the work. Afterward came a social time, when refreshments were served. The evening was one of interest for all present.

Mrs. Henry Harder has been confined to her home the past week by illness.

Mr. and Mrs. Otto Herr have returned home from a visit in Patoma, where they went to attend the fortieth wedding anniversary of Mr. Henry's father.

Miss Nellie Hennrichsen, who has been a guest at the home of Fred Boston and family has returned to her home in Peoria.

Mr. and Mrs. Nathan Smithson of Webb City, Mo., are guests at the home of Mr. and Mrs. Grant Coultas and other relatives. They were residents of Winchester several years ago.

Circuit court has been in session the past two days, with Judge F. W. Boston presiding.

Edward Ryan, assumpsit, was heard Wednesday. This is a suit on a note given for an automobile and the finding was in favor of the plaintiff.

Mrs. W. D. Gibbs returned yesterday from Jacksonville where she has been a patient at Passavant hospital. Mrs. Gibbs is improving slowly.

A demonstration by the physical training class which has been conducted under the direction of Prof. and Mrs. Fletcher will be given at one of the churches Friday afternoon and evening. Prof. and Mrs. Fletcher have had large and enthusiastic classes for the past two weeks, the young people taking a great deal of interest in the work.

FAMOUS WATCH MAKER VISITS HERE

Robert Ingersoll of New York City Among Cross Country Automobile Tourists.

Robert Ingersoll of New York City, of Ingersoll watch fame, was in Jacksonville last night, accompanied by his nephew, M. C. Pyatt, guests at the Pacific hotel. Mr. Ingersoll, who is about sixty years of age, ranks among the successful business men of the great eastern city.

In 1879 he landed in New York City without a dollar, having gone there from his farm home in Michigan. He was of an inventive turn of mind and it was not long after his arrival in New York City that he had designed and patented the watch which has made his name famous. His factories are now turning out 20,000 watches a day and the production to date is 80,000,000. Mr. Ingersoll maintains a home on Long Island and owns a citrus farm in Florida where he spends a part of his time.

The easterner is in Jacksonville now en route to his home after a visit to the western coast. With his nephew he started from New York August 9 in a Packard car and in the succeeding weeks has traveled a distance of 9,000 miles. Of all the points of interest in the west, he found the Grand Canyon unrivaled. In recent days bad roads have interfered with the progress of the travelers and it took them seven hours to cover the distance from Griggsville to Jacksonville yesterday. They are expecting to leave about noon today for Springfield.

Mr. Ingersoll's home in New York City is near that of the widow of Col. Robert Ingersoll. The two of the same name they are not related.

MISS NORMA DAWSON IS BRIDE OF ERNEST STOUT

Well Known Young People Married in Pretty Home Ceremony.

A very pretty wedding was solemnized on Wednesday afternoon at the home of the bride on Diamond Court, when Miss Norma Wood Dawson became the bride of Mr. Ernest G. Stout. Promptly at three o'clock the bride and groom accompanied by relatives and friends assembled for the ceremony, which was introduced with the wedding march. The simple ring ceremony was used by the officiating minister, the Rev. W. Ernest Collins of the Congregational church. After the ceremony a luncheon was served. The young people immediately left for Chicago where the honeymoon will be spent.

Mrs. Stout is a daughter of W. S. Dawson, now resident in Texas, and since the death of her mother when she was a child, has made her home with her grandmother, Mrs. Mary Wood. After graduating from local schools, Mrs. Stout took training in the state normal and subsequently was a successful teacher for two years. Later Mrs. Stout won an enviable reputation in Morgan county for her splendid ability as executive Red Cross secretary. In this capacity she has done exceptional work in the past year period.

Mr. Stout is a son of George W. Stout and has spent all of his life in Jacksonville. After completing his school work he entered business life and has for a number of years been in the Myers Bros. store, where he serves as buyer in the men's furnishing department. He was one of the Jacksonville young men who volunteered in the early days of the war and was in the service for two years, spending more than half of that time overseas. He is a young man who enjoys the esteem and confidence of all who know him.

For this wedding ceremonial the Wood home had been made especially attractive with flowers and foliage plants. All the arrangements were of a kind to make it a handsome and impressive home ceremonial.

MISS SCHOLFIELD IS AN OCTOBER BRIDE

Marriage of Miss Estelle Scholfield to Mr. Orville J. Maurer Took Place Wednesday Evening—Will Reside On Farm.

A very pretty wedding took place Wednesday evening at 8 o'clock at the home of Mr. and Mrs. Thomas E. Scholfield, 910 South Clay avenue, when their daughter, Estelle Rose Scholfield, became the bride of Mr. Orville J. Maurer. The ceremony was performed by Rev. G. W. Randle, pastor of Brooklyn M. E. church, and was witnessed by only the immediate families and a limited number of intimate friends of the young people. The attendants were Miss Frances Williams and Mr. Paul Wilkinson.

The home was very artistically decorated for the wedding. In the parlor were palms, ferns and clusters of chrysanthemums, in the dining room pink roses, and the living room was made attractive by the use of roses, asparagus and asters.

The ring ceremony was used and as the bridal party entered the parlor Miss Eva Maurer, a sister of the groom, played the bridal march from Lohengrin. After the ceremony Miss Maurer played the Mendelssohn wedding music.

The bride was becomingly dressed in a gown of autumn brown satin with embroidered velvet panels, and wore a corsage bouquet of bride's roses.

Following the ceremony a two course supper was served to a limited company of relatives and friends.

The young people were the recipients of a large number of pretty and useful gifts, attesting the esteem in which they are held by their friends.

The bride is the only daughter of Mr. and Mrs. Thomas E. Scholfield and has spent practically all of her life in this city. She was graduated with the class of 1918 from the Jacksonville high school, and since graduation has been assistant in the book store of B. F. Lane, where her services were highly valued. Mrs. Maurer is a young woman of sunny disposition and thru her genuine cordiality and courteous manner has made many true friends, all of whom will unite in wishing her a happy and prosperous wedded life. She is a member of church work.

Mr. Maurer is a son of Mr. and Mrs. John W. Maurer, residing on a farm near Tallula, Ill. He received his education in the public schools and has always resided on a farm. He is an ambitious young man and has the high regard of Brooklyn church and has taken an active interest in various lines of church work.

The young people left last night for Springfield and after a visit there and in St. Louis they will return to the home of the groom's parents. Later they expect to reside on a farm.

Mr. and Mrs. John Maurer of Tallula were among those from out of the city who attended the wedding.

M. J. DOWLING WILL SPEAK FRIDAY NIGHT

Known as Most Distinguished Cripple in America—Despite Physical Handicap Has Made Success in Life.

"The most distinguished cripple in America" is the title which has been given to Mr. Michael J. Dowling of Olivia, Minn., who will speak Friday evening at State Street Presbyterian church at the meeting of the State Conference of Charities and Corrections.

Mr. Dowling in his early childhood was so seriously frozen that both legs and one arm were amputated. But he has demonstrated that a physical handicap is not a barrier to a successful and useful life. He is president of the Minnesota State Bankers' Association, was a candidate for governor of Minnesota and is a lecturer of national reputation.

"It does not make any difference how much wood you have in your limbs if you haven't any in your head," has been Mr. Dowling's famous slogan. Mr. Dowling has devoted much of his life to proving to other handicapped persons the truth of his statement.

The first speaker on the Friday evening program will be Mr. Walter Davidson, director of civilian relief of the American Red Cross. Mr. Davidson will discuss the peace time program of the Red Cross.

The second speaker will be Dr. Harry E. Mock, former colonel on the staff of the surgeon general of the United States army. Dr. Mock gave notable service in the government rehabilitation work.

The preliminary program for Friday night announced Mrs. Joseph T. Bowen and Mrs. Ira Crouch Wood as speakers. Mrs. Bowen will not be able to attend and Mrs. Wood will have charge of the Saturday afternoon meeting on children at the Baptist church.

BIG DEMOCRATIC MEETING AT COURT HOUSE Friday Evening, Oct. 29 at 7:30 P. M. Sharp Speeches by O. E. Tandy and Hon. Wm. Elza Williams Ex-Congressman from Pittsfield, Illinois.

The issues of the campaign will be fully explained, both State and National. Everyone of all parties and especially the ladies are invited to attend this meeting.

By Order of Committee.
